Sprint 3 Retrospective

- During your retrospective, spend at least 10 minutes talking over:
    - What went well? – Overall tying together the backend and front end went really well and smooth.
    - What didn't go well – I think we got it figured out this time.
    - What specific things you can do to improve – I think this sprint went pretty smooth.
    - List the measurement criteria – Each of us put in about 8 hours in this sprint. We had 4 Sprint meetings in the 2 week period.
    - Assign a percentage to each team member based on your metric specified in this sprint's planning – each of us 25%. We all were pretty even.
    - Each person should have a percent between 0-100% - 25%
    - Total percent for the team should be 100% -100%
    - Include the scrum master, and all of the members of the group (marking those who are present). – Ryan Gubler(Scrum Master), Josh Hatch, Kaiden McMillen, Michael Hanks.
